Note

1 The reorganisation order of the 14th Nov 1899 (printed copy just issued) fixed the number of places in classes C_2, C_3 & C_4 —

8 in class C_2 (Rs 210 - 15/1 Rs 300)
13 in class C_3 (100 - 10/1 210)
24 in class C_4 (50 - 10/2 100)

2 In distributing the officers accordingly to the revised salaries, the number practically stood thus —

1 Mr C Krishna Rao in class C_2

20 { (1) Mr R Narasaiengar, (2) K Venkatasawmy Iyer, 3) Rastum Rangaiengar, (4) B Dasappa, (5) C M Nyaya Raghavachar } in class

& 15 others

24 in class ——— C_4

Thus there were 7 places vacant in Class C_2 and there were 7 supernumeraries in class C_3

3 At the time of the revision Mr Cook had recommended that both Messrs B Dasappa & C M Nyaya Raghavachar should be promoted to class C_2. Nevertheless they were placed in the

the next lower class C_3 + on the
~~Superior class~~ pay they happened
to be getting then The "reason" was that
~~they were recorded probably~~
it was ~~accepted~~ too early to
give them the next grade C_2 (The maximum of the grade ~~was~~ having been not reached)

4 of the officers mentioned
in the margin 4 are seniors
to Mr Vyasa Raghavachar. of
these, two are now working in
the Palace Deptt Mr K Naranaswamy
(sl no 1) has already reached
his maximum He is the Hd master
of the Normal school, Mysore
Mr B Dasappa is Lecturer
in the Maharajas College, Mysore
he is taking the B A classes also

Mr C Krishna Rao, who
is already in the next higher
class is drawing Rs 240 from the 1st
Dec 1901 He is the Hd master of the
Tumkur high school

II Mr S Krishnaswami Iyengar

A reference to the Progressive list
of appointments (Edl service, herewith
lent up) will show that there are
8 men above him in the ~~same~~ class
C_4 He is an M A and Mr Cook
strongly recommends his promotion
to the next higher class He is now

Class C_3 (Rs 100 – 10 – Rs 210)

(1) K Naranaswamy Pay 210 from 1 12 01
(2) K Venkatasaswamy — 80 — 150 from 1 2 97
N B Serving lent to the Palace Deptt (seconded)
A place in class C_3 is still reserved for him if he had remained in the Edn Deptt, he would now be drawing Rs 200 from 1 2 '02
(3) Kasturi Rangaswamy — 170 from 1 3 '02
N B Service lent to the Palace Deptt (seconded)
In the Edn Deptt he would be drawing Rs 180 from 1-3-'02
(4) B Dasappa — 170 from 1 5 01
(5) C M Vyasa Raghavachar 170 from 1 3 0

+ 150 others Juniors

drawing Rs 80 in C_4 At the time of the revision of 1899 — even some time before this he was transferred from the Kolar High school to the Central College — Mr Cook [redacted] had recommended him for promotion to class C_3, but it was not sanctioned. It was thought at the time that he should actually teach (viz FA & BA) some higher classes, before he was given some promotion

III K. M T Narasimha Iyengar is now drawing Rs 90 in class C_4. His knowledge of sanskrit is spoken of well by Mr Cook He is recommended for a place in the next higher class C_3 There are 4 others who are his seniors in his grade (Grade list put up)

If Mr Cook's proposals are sanctioned, the number in classes C_2, C_3 & C_4 will stand as follows —

C_2 will have 1 — (7 vacant places)
C_3 ——— 21 — (8 supernumerary)
C_4 ——— 29 — (2 vacant places)

Mr Vijaya Raghavachar will be promoted to B_2 (outside the C

classes altogether)

4

It is said in the revision order of 1899 that "classes A_2 & B_2 are intended to serve the purposes of recruitment and probation"

The other proposals of the Govt are also submitted for orders

There are two vacancies in class c III (of Pandits & Munshis) who are seniors to Jagaram Venkata -char

Zs

7/4/07

I Mr. Vyasaraja[illegible] was born I believe, has a 1st class Tham in Science and as his work has been so well spoken of by Mr Cook (by no means an easy [illegible]) fully deserves to get the promotion recommended. But the question is whether it would be fair to put him in a more advantageous position than those who are at present senior to him

5

Sri C Krishna Rao is already on a higher grade and drawing more pay He has been strongly recommended, I believe, by recommended, I believe, for exceptional treatment often and as he seems to be one of the most efficient of the head masters of schools, it would be a deserved recognition of merit if he could be put into the 6, class on the minimum pay

As there are vacancies in the C_2 grade, I do not know if we should not fairly promote K. Naraniengar & Venkatasami Iyer (now seconded) who have reached the Max^m to the C_2 grade The other two (Kasturirangacharlu & Dasappa) may perhaps

be allowed to wait
till they reach the Max.m
in the present grade
If these appts are all
possible to be sanctioned
together, Mr Upasyeraphar
vacher may as well
be put into the B2 grade
with 225 Rs from 1st
July next, his additional
allce being reduced
to a corresponding extent

II. S Krishnaswamy
Iyengar
I think it but fair
that the M.A degree shd
have some special value in the
Edl Department. But
the 1st man in the grade
Venkataramanachar
was specially & strongly
recommended by Mr Bhabha
in Feb 1900

III Mr M I Narasimhan-

7

Sugar is also in the same grade as the above Both are recommended for promotion The latter has no doubt Special abilities in Sanskrit & if promotion is not given, perhaps some special allowance for his work in the B.A classes could be observed

IV Asst Kannada Pundit.
At present drawing 30 Rs max^m Two men are senior to him ~~This~~ It is doubtful whether that can be fairly superseded, but there is no question that this person has been working very well

V The Clerk (Pay 40 Rs)
The recommendation is to make the pay 50-10-80 The Chikpet College Writer is the Senior & seems to

possess equal qualifications The increase recommended seems to be unnecessarily liberal anyway

VI The Printer may perhaps be allowed an allowance for the additional work for the Meteorology work that falls to him

IV V & VI are not so important as I, II & III & may be dealt with separately without reference to [illegible]

29/4/02

I may add that it is likely that some recommendations of a similar nature may be received from the Observatory's College, as one of the Assistants was called a few days ago to mention the matter

22/4/1902

The 2nd Councillor

Rec'd 22-4-02

As I understand the case the points for determination are:—

(1) Whether Mr Vijayaraghavachariar should be promoted to B 2?

(2) Whether [redacted] Mr Kasturi Rangiengar [illegible] deserve [illegible] treatment?

(3) Whether Mr N. J. Narasimhiengar

9

and Mr S Krishnaswamy Iyer
Dowd by reason of
their special qualifica-
tions deserve
a lift in class C.

I know that, but for
certain misgivings, Messrs
Vijiaraghavachari and
Kasturi Rangaya would
have been promoted
to B 2 so far back
as March 1899 at the
time of the Revision. The
first of these officers
seems well to have
given satisfaction. About
the other the opinions of
the West and of the
Bibabba are not forth-
coming and should
therefore be invited.
Also about the
Deputy Collector who herein
otherwise fulfils the requirements
of Para 5 of the Govt
Pro of 5th March 1899.

I would not move
in the matter this question
of the advancement of
other officers - now that

Note

At the Revision of March 1899 at least 2 or 3 appointments were intended to be made to new class B2 The names of two (viz Mr Kasturi Rangaiengar, B A, and Mr Vijayaraghava Char, B A,) were then suggested in that connection Pending an enquiry however into the question whether they satisfied the requirements of para 5, Grade B2 was left blank It has since been ascertained that they do The former has for a few years past been teaching English and Mathematics in the B A classes of the Maharaja's College, and the latter Chemistry in the B A Classes of the Central College The latter (a B A) who is two places lower in rank than the former (an I A) has been strongly recommended by Mr Cook There seems no reason why the former should not also go up to P2 instead of being superseded by his junior I would accordingly transfer these two officers from new C3 to B2 The present pay of Mr Kasturi Ranga Iyengar is Rs 180/- and of Mr Vijaya Raghava Char 170/- They may both be started in B2 on Rs 200/- The fact that Mr Vijava Raghava Char has for some time been drawing an allowance of Rs 75/- owing to extra work required

required from him in consequence of the absence first of Mr Tait and then of Mr Cook on leave, does not entitle him to a start in B2 on Rs 250/- as suggested For the extra work he is doing during Mr Cook's absence there seems no objection to his continuing to draw an allowance which latter must of course cease on Mr Cook's return

Though not directly arising out of Mr Cook's proposals now before Government, there is the question of certain officers in new CIII who will be materially affected by the translation of Messrs Kasturi Rangaiengar and Vijayavaraghava Char to B2 Those officers are Mr K Varnienger B A and Mr K Venkatasami Iyer B A who are senior to Mr Kasturi Ranga Iyengar and Mr Basappa B A who is senior to Mr Vijayaraghava Char The sanctioned strength of Class C II is 8 of which 7 are vacant The three officers named have already reached or nearly reached the maximum pay attached to their Class The same treatment may be accorded to them as that accorded in 1899 to the only officer now in Class C1, i e they may be promoted to new Class C II on the minimum salary of Rs 210/- Mr Krishna

Mr. Krishna Rao ~~who is at present the only officer in new C II Class is an excellent officer in every way. We have already shewn him every possible consideration and he has yet to wait for at least 4-7 years before he could reach the maximum pay of the class to which under special circumstances he was promoted in 1899. His case therefore need not now be considered.~~

There are two other officers whose cases Mr Cook has specially urged upon the attention of Govt, viz, Mr M T Narasimhaiengar B A and Mr S Krishnaswamiengar M A who are the 5th and 8th in Class C IV on Rs 90/- and 80/- respectively Both of them have special qualifications I understand from Mr Bhabha that the first four and and the 6th and 7th are equally good each in his own way The 7th moreover is an M A like the 8th By the transfer of two officers from C III to B2 and three more from C III to C II, 5 places would fall vacant in C III, and there will still be vacant 4 in C II I would accordingly promote all the first 8 in C IV to C III

If effect is given to the above recommendations, the scale would stand as follows -

15

4

	Present	Future
B2	*	2
C1	5	5
C2	1	4
C3	20	23
C4	28	20
	54	54

Leaving out the special grade of C1 with five officers in it, not referred to in the Pro of Covernment dated 14th Nov 1899, the sanctioned scale was in the several inferior grades of Class C 45 which number has since been raised to 49 by additional appoint -ments (Nos 25 to 28 in C4 vide Civil List corrected up to 1st July 1901) sanctioned to meet the growing requirements of the Depart -ment

The number as now proposed would remain the same and there would be no ~~extra~~ cost all that is intended being a gradual working up as merits asserts themselves ~~and necessity arises~~ to the scale which was sanctioned in 1899

Bangalore,

4th May 1902

Dear Mr Wier,

Mr Sreenivasiengar tells me that Mr Cook has recommended to Government that Mr Vijayaraghava Char who takes Chemistry in the B A Classes of his College, be promoted to Class B2 on the strength apparently of Para 5 of the Proceedings of Government No 10223-5 Ed 230 dated 5th March 99 The matter is under consideration though Mr Sreenivasiengar is not quite sure that this recommendation will meet with the approval of Government But in case it does, the question is whether Mr Kasturi Rangiengar who is by two places his senior and who is an M A to boot, should not be accorded similar treatment seeing that he was taking a portion of English and Mathematics in the B A Classes of your College before his services were temporarily lent to the Palace last year Is he still in the Palace please, and what do you think of his merits ? Does he fulfil the requirements of the para referred to above ? No supersession is desirable in public as well as in private interests and hence this enquiry

Kindly treat this as strictly confidential and let me have a line in reply for Mr Sreenivasiengar's information at your earliest convenience

Yours sincerely,

To be perused with such remarks as Mr Krishna may deem proper & the letter then sent to Mr Cook

I have written almost on the same lines as your letter to Mr Kirtan Rangaiya and will let you know the reply as soon as I get it. I return the papers relating to

Oct 1902 The message for helping these masters seems to me unsound unless it will be clear when you can order that these teachers Class D I are doing the same work that these brethren in the Central College in Class C III are doing for two years. Then Arnstead masters have been representing that the pay they get is very small but their work is very hard. There is great truth in what they say.

tutorial Branch herewith-

While your proposals will
give satisfaction to the
teachers in the C classes
I am compelled to remark
that the case of several
Boys in Class D I who are
teaching Arabic & Mathematics
also in the High School classes
like K Ramachandra, M Lakshmi
narasimhaya, G Ananta Rao,
M Madhava Rao, M Venkatasimhaya
& K Lingarasa Rao who are working
the first on 38 & the rest on
Rs 30 requires consideration
The pay given for high school
work is very low, & already
there is great dissatisfaction.
I recommend strongly that
they may all be started on
Rs 42 from 1st July 1902
in the same grade Perhaps
the name of R Alwar Iyengar
may also be added who
will be entitled to Rs 42 from

Dear Sir,

I enclose a statement of the

English papers. I am
therefore entitled to receive

OFFICE OF
THE INSPECTOR GENERAL OF EDUCATION
IN MYSORE

Bagli 7 May 1902

My dear Mr Srinivasaraghavan,

I beg to recommend two members of the Tutorial staff for the special consideration of Government

Mr C Krishna Rao BA Headmaster of the Tumkur High School has all along done excellent work, but

until he reaches the stage of Rs 190, after which date the allowance may be reduced so that the pay & allowance together does not exceed Rs 210 the maximum pay of C Class III

If my request is granted two very deserving men will be encouraged

Yours sincerely

H J Bhabha

he has not been fortunate enough to receive as liberal promotion as some other Head masters & Assistant masters have obtained since 1884 I request you may kindly grant him Rs 270 from 1st July next in recognition of his excellent services in the Tumkur High School there entitled to Rs 255 from 1 Dec 1902 at the present rate of promotion If you grant my request he will get Rs 270 a year shortly before this date

W V Subramanya Iyer Head master of Chikmagalur has kept his High School in an excellent condition It is the second best High School in the Province His present pay is Rs 130 & he will be entitled to Rs 140 I should be glad if he could be given a personal allowance of Rs 20 from 1st July 1902,

My dear Mr Srinivasaraya,

I enclose herewith the reply of Mr Wera regarding Mr Kasturi Rangarayar. I can hardly admit the validity of Mr Wera's argument which if pushed to its legitimate conclusion would require the staff at Mysore to be as large and well paid as at

Guard'd

in Mysore

I came up here yesterday & find the climate very pleasant the temperature in the morning is 74°F & in the afternoon 80°F

Yours sincerely
H J Rhodes

The two statements sent by Mr Wera are also enclosed

Bangalore I am afraid Mr
Wer hardly perceives that
the BA classes of Mysore are
maintained chiefly or almost
entirely by the aid of scholarships
& free studentships which Govern-
ment have so liberally pro-
vided The college is small
& commenced its work in the
BA classes long after the
Central College, Mr Kasturi Rangayya
may be, promoted as he takes

a portion of the BA Mathematical
work

Mr Wer makes no mention of
Mr Basappa's claims I expect
Mr Basappa is not doing any
BA work

What Mr Wer says about
Mr Adolphus is true as you
know I have recommended him
for promotion to A II He has
lately been put to much difficulty
about a house, as he has had
to send his family away to Bangal.
as he could not get a house

Note

Mr Cook has in his letter No 422 dated the 1st April 1902 recommenced the promotion of certain Assistant masters employed in the Central College The cases of these officers cannot however in fairness to others similarly circumstanced, be dealt with by themselves and without reference to the claims of certain other officers in the general list I have therefore gone into the question as a whole in view to a satisfactory decision being arrived at My proposals as below are, I may observe, concurred in by Mr Bhatia who considers them quite fair to all concerned

2 At the Revision of March 1899 at least 2 or 3 appointments were intended to be made to new class B 2 The names of ~~two~~ two officers(viz Mr Kasturi Rangaiengar, B A, and Mr Vijayaraghava Char, B A) were then suggested in that connection Pending an enquiry however into the question whether they satisfied the requirements of para 5, Grade B 2 was left blank It has since been ascertained that they do The former has for a few years past been teaching English and Mathematics in the B A classes of the Maharaja's College, and the latter Chemistry in the I A class

Personal Note

I think all the Proposals are very fair and deserve acceptance by the Council.

classes of the Central College The latter (a B A) who is lower in rank than the former (an M A) by two places has been strongly recommended by Mr Cook There seems no reason why as suggested by Mr Weir the former should not also go up to B 2 instead of being superseded by his junior I would accordingly transfer these two officers from new C 3 to B 2' The present pay of Mr Kasturi Rangaiengar is Rs 180/- and of Mr Vijaya Raghava Char 170/- They may both be started in B 2 on the minimum pay of that class namely Rs 200/- (X) The fact that Mr Vijaya Raghava Char has for some time past been drawing an allowance of Rs 75/- owing to certain extra work required from him in consequence of the absence first of Mr Tait and then of Mr Cook on leave, does not entitle him to a start in B 2 on Rs 250/- as suggested For the extra work he is doing during Mr Cook's absence there seems no objection to his continuing to draw an allowance which latter must of course cease on Mr Cook's return

3 Though not directly arising out of Mr Cook's proposals now before Government, there is the question of certain officers in new C 3 who will be materially affected by the translation of the sr

(X) with an allowance of Rs 10 until they earn the first increment of Rs 25, so that, on transfer to their respective allotments they may not be immediate losers when compared with the three officers dealt with in para 3 supra

essrs Kasturi Rangaiengar and Vijaya Raghava Char to B 2 and whose cases therefore ought to receive due consideration Those officers are (1) Mr I Srmiengar B A and (2) Mr K Venkatasami Iver B A who are senior to Mr Kasturi Ranga Iyengar, and (3) Mr Basappa B A who is senior to Mr Vijaya Raghava Char The sanctioned strength of Class C 2 is 8 of which 7 are at present vacant The three officers named have already reached or nearly reached the maximum pay attached to their Grade The same treatment may be accorded to them as that accorded in 1893 to the only officer now in Class C 2, i e they may be promoted to new Class C 2 on the minimum salary of Rs 210/- 4 There are two other officers whose cases Mr Cook has specially urged upon the attention of Government, viz, Mr M T Narasimhaiengar B A and Mr Krishnaswamiengar M A who are the 5th and 6th in Class C 4 on Rs 90/- and 80/- respectively Both of them have special qualifications I understand from Mr Phatha that the first four and the 6th and 7th are equally good each in his own way The 7th moreover is an M A like the 8th By the transfer of two officers from C 3 to B 2 and three more from C 3 to C 2, 5

5 places would fall vacant in C 3 and there would still be vacant 4 in C 2 I would accordingly promote all the first 8 in C4 to C 3 They will all retain their present relative rank and start on the minimum pay attached to C Class 3 (viz, Rs 100/)

5 If effect is given to the above recommendations, the scale would stand as follows -

	Present	Future
R2	*	2
C1	5	5
C2	1	4
C3	20	23
C4	28	20
	54	54

6 Leaving out of account the special grade of C1 with five officers in it, not referred to in the Pro of Govt dated the 14th November 1899, the sanctioned scale was in the several inferior grades of Class C 45 which number has since been raised to 49 by additional appointments (Nos 25 to 28 in C4 vide Civil List corrected up to 1st July 1901) sanctioned to meet the growing requirements of the Department

7 The number as now proposed would remain the same and there would be no cost, in excess of that of the prescribed scale, all that

that is intended being a gradual working up, as occasions arise and as vacancies assert themselves, to the scale sanctioned in 1899

Two other cases have formed the subject of a special recommendation by Mr Bhabha, viz, those of Mr C Krishna Rao who is in Class C2 on Rs 240/- which will rise to Rs 250/- in December next and Mr V Subrahmanya Iyer who is in Class C3 on Rs 130/- which will shortly rise to Rs 140/- The former has in Mr Bhabha's words "not been fortunate enough to receive as liberal a promotion as some other Head Masters and Asst Masters have obtained since 1884" The Vaikunta High School has been doing exceedingly well under him for a few years past In fact it is the best High School in the State both in point of numbers and of efficiency In recognition of his exceptionally good services his increments may be advanced somewhat so as to enable him to draw Rs 283-8 with effect from 1st June 1902 Being the only officer at present in his class, his advancement in the manner proposed will not prejudice any other officer in the Department His promotion to the next higher class viz, C1 seems at present out of the question and I am not prepared

prepared to propose it Mr Subramanya Iyer is a junior officer who cannot either be promoted to C2 or have his increments advanced without prejudice to several other officers above him in the same grade The fact however has to borne in mind that he has for a few years past been the Head Master of so important a High School as the one at Chikmagalur which under his management has gained largely in popularity, strength and efficiency and now stands only next to the Tumkur High School Barring Chennapatna, this is the only High School which has for its Head Master an officer in so low a grade as Class C3 which is generally intended for Assistant Masters His exceptional merit deserves some special appreciation and since no promotion consistently with the maintenance of his rank in relation to his compeers is possible, I would strongly recommend that he be given a personal allowance of Rs 25/- so (Thirty five) long as he remains in charge of the Chikmagalur High School and gets less than the maximum pay of his grade

8 The case of one other deserving official seems to merit some consideration This person is Mr Venkata Rassappa, the Superintendent of the hospital attached to the

the Central Colle e He does not now hold a permanent appointment

For reasons stated by th Principal in his o 440 dated the 23rd April 1°0 I am disposed to think that his transfer to the permanent list is highly desirable He is a deserving man in every way and the Hostel has under his management become immensely popular I am not however prepared to advocate his being placed in any of the classes of the Editorial or Inspection Branch He is not a graduate and his duties moreover are in no way similar to those of the officers of either of those Branches I would deal with his case in somewhat the same way as that of the Curator, Central Book Depot and the Manager, Local Examination office I would give him Rs 75/- rising to Rs 100/- by annual increments of Rs 5/- each This is a sufficiently liberal treatment and he should be quite satisfied with it As a set off against this charge, the grant-in-aid which we are now giving to the Hostel in order to meet the cost of its staff may be reduced from Rs 150/- to Rs 100/-

Central College, Bangalore

1st April 1902

From

J Cook Esq M A ,

Principal, Central College, Bangalore

To

H V Nanjundayya Esq M A , M L ,

Secretary to the Govt of Mysore,

Genl & Rev Departments

Sir,

I have the honor to submit to Government the case of some members of the Staff of this College who are deserving of special consideration in the matter of promotion to higher grades of Educational Service than they at present occupy.

1 Mr C M Vijayaraghavachar B A , Lecturer in Chemistry, is at present in Class C 3 (Rs100 rising to Rs210 by annual increments of Rs10) From increasing confidence in him I have gradually entrusted him with more of the teaching of the B A classes in Chemistry and for the last 2 or 3 years he has been entrusted with all the teaching in Chemistry and with the chief share of the Chemical Laboratory work under my supervision I am so much pleased with his earnestness and precision in the performance of his work that I would strongly recommend his promotion to Class B 2 (Rs200 rising to Rs300 by annual increments of Rs25) There is at present no name under this class in the list of educational appointments and it seems to me to be the class specially intended for such a position as his During my approaching absence on Leave he will be drawing an allowance of Rs75 as already sanctioned by Government which with the payRs170 ~~Rs100~~ from 1st March 1902 will give him Rs245 till the time of my return and I beg to propose that on my return he be placed in Class B 2 on Rs250

2 Mr M T Narasimha Iyengar B A who is at present in Class C 4 (Rs50 rising to Rs100 by biennial increments of Rs10) has at present Rs 90 with ten years' service on 1st November 1901 His work is chiefly in the IV and V Forms of the High School but he was specially got from the Archæological Department on account

of his Sanskrit knowledge and this is utilised by making him take each of the four college classes regularly once a week to lectures on Sanskrit Language and Literature much to the benefit of the students, there can be no doubt It would therefore much more in accordance with the class of work which he does that he should be promoted to Class C 3 in which there are several examples of men younger in service and doing less advanced work I beg therefore to propose his promotion to Class C 3 with an initial pay of Rs110 as from the beginning of the next Official year, 1st July 1902

3 Mr S Krishnaswami Iyengar M A deserves special consideration of the Government He is at present in Class C 4 and has been drawing Rs80 since 1st March 1901 In previous cases Government has rewarded its educational servants for their ability shown by passing the M A Degree Examination, and in my opinion such reward has much educational value and is well bestowed I beg also to remind the Government that he was specially transferred from Kolar in order to be available for the teaching of History in the F A classes of the College and that he already acted in that capacity about two months last year when Mr R Raghunatha Rau was on Sick Leave and I was quite satisfied with his performance of the work I beg therefore to strongly urge the Government to promote him to Class C 3, starting on Rs100 as form 1st July 1902 as otherwise he would be the only member of our college staff in so low a class as C 4

4 The Junior Kannada Pandit Mr Jairam Venkatachar is at present in Pandit's Grade 3 (Rs20 rising to Rs30 by annual increments of Rs2) and he has been on the maximum pay of that Grade since 1st August 1900 He is entrusted with the Kanarese teaching of the three High School classes and the Junior F A class and discharges his work in an exceedingly satisfactory manner, being most regular and intelligent, and commanding the confidence of the students so much so that they are quite pleased to have him in the absence of the Senior Kannada Pandit I would therefore recommend his promotion to Grade 2 with an initial pay of Rs33

3

as from 1st July 1902

5 The College Clerk Mr D Narayana Murti has been on his present pay Rs40 since 1st October 1900 and gets no higher pay than the Clerk of the Maharaja's College Mysore whose office work cannot be one-half that of the clerk of the Central College He discharges his duties to my utmost satisfaction in every way and judging by the expenditure on other office establishments I consider that he ought to be much better paid The value to a college such as this of a clerk intimately acquainted with its complex machinery is simply incalculable and when it is mentioned that the number of official letters alone sent out from the college office during the last two official years was 755 and 675 it will be seen how great the amount of work is which falls to the clerk Besides this he is entrusted with the confidential supervision of the Printer when the college papers are printing I believe that in the Presidency College Madras there are two clerks on Rs60 and Rs80 respectively I would therefore beg to strongly recommend that his pay be raised to Rs50 with biennial increments of Rs10 to Rs80 (Rs 80) as from 1st July 1902

6 The college Printer B Siddalingappa has been for years past underpaid, considering the amount of work he does not only for the College but in the way of printing forms of all sorts for the Observatory, which he does better than I could get them done at the Government Press I have never once had reason to suspect his faithfulness in the printing of papers and there is no more regular and willing worker on the whole establishment of the college than he is, I beg therefore to propose that his pay be raised to Rs20 or else that he may be allowed Rs5 per mensem from the contingent grant of the Observatory, on account of the work which he does for that Institution, as from 1st July 1902 He will after all have less pay than he would easily be able to

make in the Government Press or any other printing office

I have the honor to be,

Sir,

Your most obedient servant,
